FACILITYANDHOSPITALITYMANPOWER SERVICES CATALOGUE

---

Our specialized workforce solutions ensure seamless operations for your facility. We provide trained, certified, and professional personnel across security and hospitality domains.

## Security Guard

Professional personnel responsible for patrolling premises, monitoring building access, and preventing unauthorized entry. They serve as a visible deterrent to crime and ensure a safe environment.

## Bodyguard / Personal Security Officer

Highly trained specialists providing close protection to high-profile individuals. They assess risks, plan safe routes, and provide immediate physical protection against potential threats or harassment.

## Registration Desk Executive

The first point of contact for guests and attendees. They manage guest lists, issue credentials, and provide informational support for corporate facilities or high-end events.

## CCTV Monitoring Staff

Technical experts who monitor surveillance feeds in real-time. They are trained to identify suspicious patterns, coordinate responses with security teams, and maintain detailed incident logs.

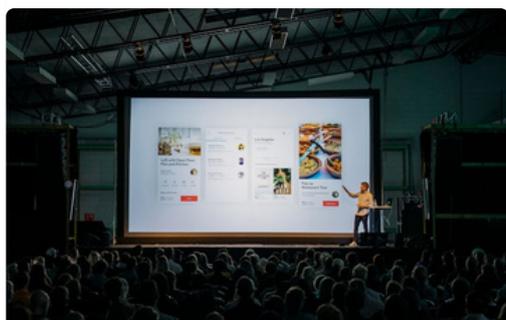

## Buffet Counter Assistant

Staff dedicated to maintaining the quality and presentation of food service areas. They manage food replenishment, assist guests with inquiries, and ensure strict hygiene standards.

## Catering Service Staff

Professional servers who handle table service and beverage management. Trained in fine-dining etiquette, they ensure that every guest receives prompt and courteous attention.

## Crowd Management Staff

Experts in logistics and public safety for large-scale gatherings. They manage entry/exit flows, oversee queuing systems, and implement safety protocols in high-density areas.
